**HISTORY/FACTS/ISSUES:**

Local Resurfacing Contract Number 1 (FY 09/10) Consulting Engineering Agreement, Sumter County Work Order # 19, is to provide specifications, bidding documents and assistance, and field support services during construction for the resurfacing of approximately nineteen segments of existing roadways. Attached for Board consideration, approval, and execution is Work Order #19 and the proposal from Kimley-Horn and Associates to facilitate this effort. As part of the approved FY 09/10 Road and Bridge budget, the Board of County Commissioners approved an allocation of funds for the Road Maintenance Program in the amount of \$957,100.00, as well as funds for an engineering firm to prepare specifications, in the amount of \$50,000.00. If the Board approves Work Order # 19, based on the FY 09/10 budget, Sumter County Public Works would require a budget amendment of \$50,860.00.
